

## Winter Park Bark Skijor Race Official Rules

### Event Races & Divisions

- 1) The Event has two Races:
  - a) 10 km
  - b) 5 km
- 2) Each Race has two Divisions:
  - a) Two-dog skijor teams
  - b) One-dog skijor teams

### Important Racer & Dog Information

- 1) All skijorers must attend mandatory race meeting held 30-minutes prior to the start of the race.
- 2) Dogs must be vaccinated for Rabies, and owners must be able to provide a certificate of vaccination upon request.
- 3) Dogs must be treated humanely at all times.
- 4) For the safety of all spectators and participants dogs must be controlled at all times. Unleashed dogs are NOT permitted at the event.
- 5) All dog injuries must be reported immediately to a Course Marshal or the Race Director.
- 6) All skijorers are responsible for picking up after their dogs before, during, and after the race.

### Equipment

- 1) Nordic skate or classic skis, boots, poles, and other equipment shall be used by the skier.
- 2) Skijoring teams shall be attached via harness and towline (min length: 7-feet, max length: 12-feet) to a skijoring belt in a safe and secure manner. The skier must be hands free of the line.
- 3) The towline shall never be connected to a dog's collar during the race.
- 4) The towline must include: 1) a release mechanism accessible by the skier, and 2) a shock-absorber or "bungee" section.

- 5) A neckline is required for a two-dog team that is not run in a single file.
- 6) Helmets are encouraged.

### **Event Races & Divisions**

- 3) The Event has two Races:
  - a) 10 km
  - b) 5 km
- 4) Each Race has two Divisions:
  - a) Two-dog skijor teams
  - b) One-dog skijor teams

### **Important Racer & Dog Information**

- 7) All skijorers must attend mandatory race meeting held 30-minutes prior to the start of the race.
- 8) Dogs must be vaccinated for Rabies, and owners must be able to provide a certificate of vaccination upon request.
- 9) Dogs must be treated humanely at all times.
- 10) For the safety of all spectators and participants dogs must be controlled at all times. Unleashed dogs are NOT permitted at the event.
- 11) All dog injuries must be reported immediately to a Course Marshal or the Race Director.
- 12) All skijorers are responsible for picking up after their dogs before, during, and after the race.

### **Equipment**

- 7) Nordic skate or classic skis, boots, poles, and other equipment shall be used by the skier.
- 8) Skijoring teams shall be attached via harness and towline (min length: 7-feet, max length: 12-feet) to a skijoring belt in a safe and secure manner. The skier must be hands free of the line.
- 9) The towline shall never be connected to a dog's collar during the race.
- 10) The towline must include: 1) a release mechanism accessible by the skier, and 2) a shock-absorber or "bungee" section.
- 11) A neckline is required for a two-dog team that is not run in a single file.
- 12) Helmets are encouraged.

### **Starting/Finishing**

- 1) All skijor teams from all Races and all Divisions will start in the same queue.
- 2) The 5 km Race participants will start first, followed by the 10 km Race participants.
- 3) Within each Race, the Race Start Order shall be determined by random drawing.

- 4) Skijor teams will start the race in 30-second intervals. A Start List will be posted after the race meeting.
- 5) Skijor teams must queue at the Start Line several minutes before their assigned start time.
- 6) Each team is encouraged to have their own handler at the Start/Finish Line.
- 7) The tips of the skijorer's skis shall determine the starting point of the team.
- 8) Skiers and handlers will be given countdown warnings at 20- and 10-seconds. The Timer will countdown from 5 to 1 aloud, then give the signal to start.
- 9) All skijor teams must be off the course within two hours of the official Race Start Time, or the skijor team will be disqualified.

### **Passing**

- 1) Before overtaking another skijor team, the faster skier must yell "Trail!" to ensure safety. The faster skier must remain courteous to other racers when there is a need to pass.
- 2) The skijor team being overtaken must yield the ski trail to the faster team, and do the following:
  - a) Refrain from ski-poling to ensure safety of the passing team.
  - b) Control your own dogs and, if necessary, reel-in your line and hold your dogs' harnesses to prevent interference with the passing team.
